Fax: 0090 442 282 20 06 -124

## Safety Data Sheet (SDS)

### SECTION 1. PRODUCT AND COMPANY IDENTIFICATION

#### 1.1 Product identifiers

Product Name: 10x TBST  
Product Code: TBST05, TBST10  
CAS Number: -  
EC Number: -

#### 1.2 Details of the supplier of the safety data sheet

Company: EcoTech Biotechnology  
Address: Universite Mah. Ipekyolu Cad. Ata Teknokent A.Ş. B Blok No: 20/113 Yakutiye Erzurum  
Turkiye  
Telephone: 0090 544 327 34 97  
Fax: 0090 442 282 20 06 -124  
Emergency  
Phone Number: 0090 544 327 34 97

#### 1.3 Product use

For research use only. Not intended for diagnostic or therapeutic use.

### SECTION 2. HAZARDS IDENTIFICATION

#### 2.1 Classification of the substance or mixture

This chemical is not considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.122).  
Not a dangerous substance or mixture according to the Globally Harmonized System (GHS)

#### 2.2 Label elements

|                                       |                                                       |
|---------------------------------------|-------------------------------------------------------|
| Signal word                           | None                                                  |
| Hazard statements                     | Not Applicable                                        |
| Symbols/Pictograms                    | No Pictogram                                          |
| Precautionary Statements - Prevention | Wash hands thoroughly after handling                  |
| Precautionary Statements - Response   | IF exposed or concerned: Get medical advice/attention |

#### 2.3 Other hazards

Not Applicable

### SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

#### 3.1 Product Name

10x TBST  
Synonyms: Tris-Buffered Saline with Tween® 20  
Concentration: 10x  
Formula: -  
Molecular Weight: -  
This product is a mixture.

### 3.2 Mixture

The product contains no substances which at their given concentration, are considered to be hazardous to health. We recommend handling all chemicals with caution.

## SECTION 4. FIRST AID MEASURES

### 4.1 Description of first aid measures

|                                    |                                                                                                                                             |
|------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------|
| General advice                     | If symptoms persist, call a physician.                                                                                                      |
| Eye contact                        | Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.                        |
| Skin Contact                       | Rinse with plenty of water. Immediate medical attention is not required.                                                                    |
| Inhalation                         | Not expected to be an inhalation hazard under anticipated conditions of normal use of this material. Consult a physician if necessary.      |
| Ingestion                          | Not expected to present a significant ingestion hazard under anticipated conditions of normal use. If you feel unwell, seek medical advice. |
| Self-protection of the first aider | Use personal protective equipment as required.                                                                                              |

### Most important symptoms and effects, both acute and delayed

|          |                           |
|----------|---------------------------|
| Symptoms | No information available. |
|----------|---------------------------|

### Indication of any immediate medical attention and special treatment needed

|                    |                        |
|--------------------|------------------------|
| Note to physicians | Treat symptomatically. |
|--------------------|------------------------|

## SECTION 5: FIREFIGHTING MEASURES

### 5.1 Extinguishing media

|                              |                                                                                                         |
|------------------------------|---------------------------------------------------------------------------------------------------------|
| Suitable Extinguishing Media | Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. |
| Unsuitable Extinguishing     | Media None                                                                                              |

### 5.2 Special hazards arising from the substance or mixture

Not known.

### 5.3 Explosion data

|                                  |                           |
|----------------------------------|---------------------------|
| Sensitivity to Mechanical Impact | No information available. |
| Sensitivity to Static Discharge  | No information available. |

### 5.4 Protective equipment and precautions for firefighters

|                         |                                        |
|-------------------------|----------------------------------------|
| Advice for firefighters | Standard procedure for chemical fires. |
|-------------------------|----------------------------------------|

## SECTION 6: ACCIDENTAL RELEASE MEASURES

### 6.1 Personal precautions, protective equipment and emergency procedures

Use personal protective equipment as required. Avoid contact with eyes and skin. Evacuate personnel to safe areas. Keep people away from and upwind of spill/leak.

### 6.2 Environmental precautions

No special environmental precautions required.

### 6.3 Methods and materials for containment and cleaning up

Soak up with inert absorbent material.

### 6.4 Reference to other sections

For disposal see section 13.

## SECTION 7: HANDLING AND STORAGE

### 7.1 Precautions for safe handling

Use personal protective equipment as required. No special handling advices are necessary.

## 7.2 Conditions for safe storage, including any incompatibilities

Keep in a dry, cool and well-ventilated place. Keep in properly labelled containers.

## SECTION 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

### 8.1 Control parameters

Contains no substances with occupational exposure limit values.

### 8.2 Exposure controls

#### Engineering measures

Ensure adequate ventilation, especially in confined areas.

#### Hygiene measures

Handle in accordance with good industrial hygiene and safety practice. When using, do not eat, drink or smoke.

Wash hands, forearms and face after handling.

#### Personal protective equipment

**Eye/face protection:** Wear safety glasses with side-shields conforming to European Standard EN166.

**Hand protection:** Wear protective gloves conforming to EU Directive 89/686/EEC and European Standard EN374. Gloves must be inspected prior to use. Avoid skin contact with product when remove gloves. Dispose of contaminated gloves safely after use.

**Skin and body protection:** Wear laboratory coat or impervious clothing. Choose appropriate body protection according to the amount and concentration of the substance at the work place.

**Respiratory protection:** Wear suitable respiratory equipment in case of inadequate ventilation.

## SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

### Information on basic physical and chemical properties

|                                                      |                   |
|------------------------------------------------------|-------------------|
| a) Appearance:                                       | Liquid            |
| b) Odor:                                             | Odorless          |
| c) Odor Threshold:                                   | No data available |
| d) pH:                                               | 7.6               |
| e) Melting point/freezing point:                     | No data available |
| f) Initial boiling point and boiling range:          | No data available |
| g) Flash point:                                      | No data available |
| h) Evaporation rate:                                 | No data available |
| i) Flammability (solid, gas):                        | No data available |
| j) Upper / lower flammability or explosive limits:   | No data available |
| k) Vapor pressure:                                   | No data available |
| l) Vapor density:                                    | No data available |
| m) Relative density:                                 | No data available |
| n) Solubility(ies):                                  | No data available |
| o) Partition coefficient: <i>n</i> -octanol / water: | No data available |
| p) Auto-ignition temperature:                        | No data available |
| q) Decomposition temperature:                        | No data available |
| r) Viscosity:                                        | No data available |
| s) Explosive properties:                             | No data available |
| t) Oxidizing properties:                             | No data available |

## SECTION 10. STABILITY AND REACTIVITY

### Stability and reactivity

|                                            |                                                             |
|--------------------------------------------|-------------------------------------------------------------|
| <b>Reactivity:</b>                         | Not applicable.                                             |
| <b>Chemical stability:</b>                 | Stable at a cool and dry place.                             |
| <b>Possibility of hazardous reactions:</b> | None under normal processing.                               |
| <b>Conditions to avoid:</b>                | Extremes of temperature and direct sunlight.                |
| <b>Incompatible materials:</b>             | No dangerous reaction known under conditions of normal use. |
| <b>Hazardous decomposition products:</b>   | No data available.                                          |

## SECTION 11. TOXICOLOGICAL INFORMATION

### 11.1 Information on toxicological effects

There is no evidence available indicating acute toxicity.

|                                       |                                                   |
|---------------------------------------|---------------------------------------------------|
| a) Skin corrosion / irritation:       | Conclusive but not sufficient for classification. |
| b) Serious eye damage/eye irritation: | Conclusive but not sufficient for classification. |
| c) Carcinogenicity:                   | Conclusive but not sufficient for classification. |
| d) Reproductive toxicity:             | Conclusive but not sufficient for classification. |
| e) STOT - SE:                         | Conclusive but not sufficient for classification. |
| f) STOT - RE:                         | Conclusive but not sufficient for classification. |
| g) Aspiration hazard:                 | Conclusive but not sufficient for classification. |

### 11.2 Additional Information

No additional information is available

## SECTION 12. ECOLOGICAL INFORMATION

### 12.1 Ecotoxicity

The environmental impact of this product has not been fully investigated.

### 12.2 Persistence and degradability

No data available

### 12.3 Bioaccumulative potential

No data available

### 12.4 Mobility in soil

No data available

### 12.5 Results of PBT and vPvB assessment

No information available

## SECTION 13. DISPOSAL CONSIDERATIONS

### Waste treatment methods

#### Product

Contact a licensed professional waste disposal service to dispose of this material. Dispose of in accordance with federal, state and local requirements.

#### Contaminated packaging

Dispose of as unused product. Do not reuse empty containers.

## Section 14. TRANSPORT INFORMATION

### 14.1 DOT (US)

Not regulated in the meaning of transport regulations.

### 14.2 IMDG

Not regulated in the meaning of transport regulations

### 14.3 IATA

Not regulated in the meaning of transport regulations

|                            |                |
|----------------------------|----------------|
| UN number                  | Not Applicable |
| UN proper shipping name    | Not Applicable |
| Transport hazard class(es) | Not Applicable |
| Packing group              | Not Applicable |

## SECTION 15. REGULATORY INFORMATION

### Substances of Very High Concern

None.

EU REACH (1907/2006) - Annex XIV - Substances Subject to Authorization

None

**Restricted substances under EC 1907/2006, Annex XVII**

None.

**Substances listed under Annex I of Regulation (EC) No 689/2008**

None.

**Restricted substances under Annex V of Regulation (EC) No 689/2008**

None.

**Substances under Regulation (EC) No 850/2004 of the European Parliament and of the Council of 29 April 2004 on persistent organic pollutants and amending Directive 79/117/EEC**

None.

**Other International Inventories**

No information available

**Chemical safety assessment**

No Chemical safety assessment has been carried out

## SECTION 16. OTHER INFORMATION

### **Key to abbreviations and acronyms**

STOT-SE: Specific Target Organ Toxicity - Single Exposure

STOT-RE: Specific Target Organ Toxicity - Repeated Exposure

PBT: Persistent Bioaccumulative and Toxic

vPvB: very Persistent very Bioaccumulative and toxic

ADR: European Agreement concerning the international carriage of Dangerous goods by Road

CAS: Chemical Abstracts Service

IARC: International Agency for Research on Cancer

IATA: International Air Transport Association

IMDG: International Maritime code for Dangerous Goods

REACH: Registration, Evaluation, Authorization and restriction of Chemicals

RID: Regulations concerning the International transport of Dangerous goods by rail
